DESCRIBE THE PRESENT AND ORIGINAL (If known) PHYSICAL APPEARANCE			
<p>On the corner of Biddle and Chase Sts. stands a picturesque dwelling exemplifying the Baltimore interpretation of the Queen Anne townhouse. The windows are double hung, rectangular and are divided into groups of three by wooden mullions. Transoms capping the windows heighten the vertical lines of the structure. A right angled bay window projects from the left side of the facade; its brick exterior is accented by flat stone sills, belt courses in brown stone, and splayed brick flat arched lintels.</p> <p>Three stone steps, flanked by brass railings, lead to the recessed entrance with an iron grill front transom. A balcony above the bays holds 3 rectangular double hung windows, identical to the 1st and third floor groupings but lacking transoms, and united as a group by mullions and a splayed brick full arched lintel infilled by a decorative brick tympanum. Above this window protrudes a minor front gable, a common feature of the Queen Anne mode.</p> <p>Two single, double hung, 1/1 rectangular windows occupy the 2nd and 3rd floors on the right side of the facade. A more pointed minor gable extends above the 3rd floor window.</p> <p>A major gable, crowned by a wrought iron finial, and 3 major side gables create an interesting interplay of lines on the roof.</p>
